Dear colleagues,

The first ever workshop on step by step approach to laparoscopy in urology organized by Bhopal urology club will be held at MKM Stone & Urology Hospital Bhopal on 29<sup>th</sup>&30<sup>th</sup> June 2019.

With the advent of Laparoscopy, Bhopal Urology Society has rightly foreseen that the days are not far that all intra abdominal urological procedures will be done by this modality. For urologist's who are not conversant with laparoscopy, it is high time to train themselves and for those who are already performing laparoscopy this workshop will provide an ideal platform to update themselves.

It is our proud Privilege that we have been assigned the responsibility to host this live operative LAP UROMPCON workshop at **MKM Stone & Urology Hospital Bhopal on 29<sup>th</sup>& 30<sup>th</sup> June 2019.**

The heart of Madhya Pradesh Bhopal is fascinating blend of scenic beauty of proud heritage and modern architecture founded by the legendary Raja Bhoj. It is a beautiful city full of Lakes and Hills. There are many places of tourist interest in and around the city. The Stupa of Sanchi and Prehistoric rock art of Bhimbetika are world heritage sites. The celebrated temple of Bhojpur with its Shivaling supposed to be the Largest in the world is nearby and can be easily visited.

The organizing committee extends a heartily welcome to you and your family to Bhopal on this occasion. We hope to make this visit educative and interesting.  
with best wishes.
